

MATVEY  
CHAKRYAN

A.K.A. IZERGIL

I am **Izergil**,  
born Matvey Chakryan,  
a seeker of beauty in its fading breath.

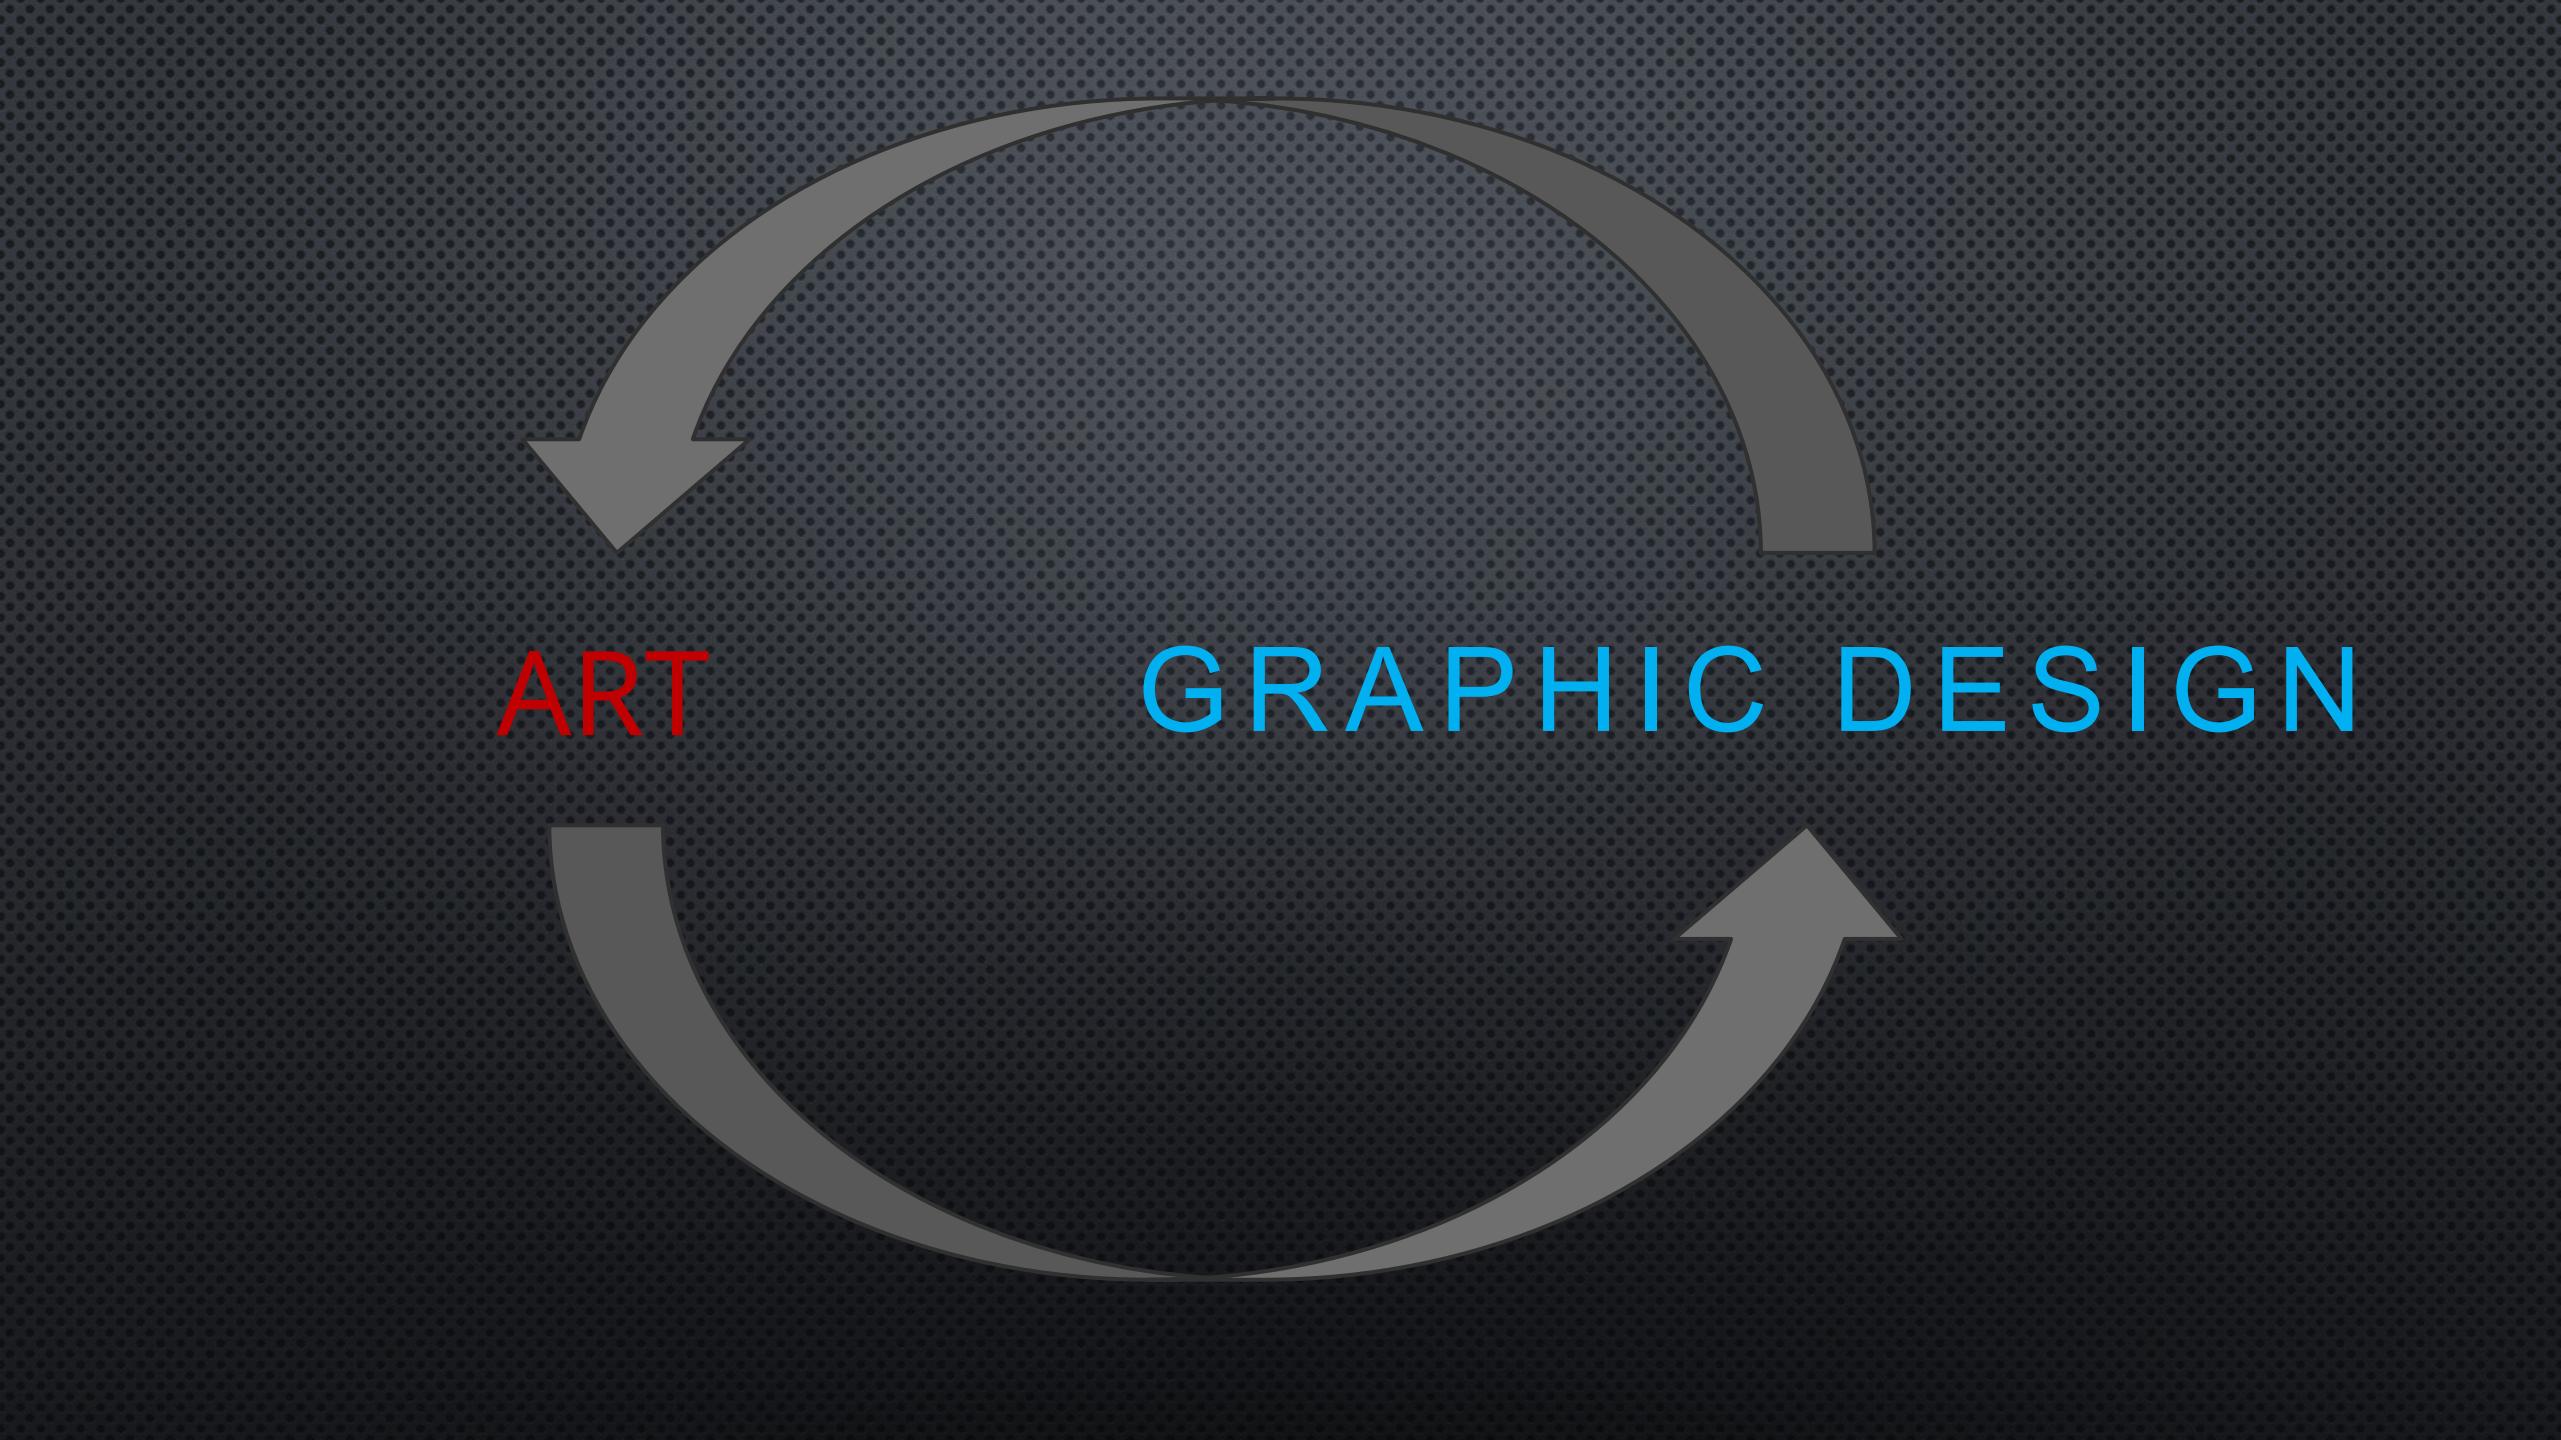

From the decadence of the **19th century**  
and the trembling glow of **urban night**,  
I shape visions where phonk's broken tape  
meets the poetry of ruin.

My art is a bouquet of shadows—  
flowers bruised, yet luminous—  
offered to those who hear music  
in the depths of melancholy.

If you seek a simple image, look elsewhere.

If you seek **atmosphere, memory, and darkness made beautiful**,  
enter the world of **Izergil**.

GRAPHIC DESIGN

**Phonk** is a hip-hop/trap subgenre born from 1990s Memphis rap, known for its dark, gritty sound, hypnotic samples from old funk/soul/R&B.
